Travel

Bastien FAFCHAMPS

fullstack software, web and game developer

Profile

I'm a creative designer and problem solver, I can work on any side or stage of a project. I can analyze needs, make specific diagrams, and write structured code. I've worked with many frameworks and technologies, I'm a fast learner ready to tackle any new task. Happily learning from and helping other people along the way.

Skills

C#	JavaScript	React	SQL
Python	HTML	ASP.Net	NoSQL
Java	CSS	Flask
